The Department of Geology and Geophysics at Louisiana State University invites applications for a tenure-track Assistant Professor in structural geology and/or tectonics to begin Fall semester of 2008. The successful applicant will be expected to teach structural geology at the undergraduate level and to develop strong, externally funded research program. Completion of the Ph.D. by the beginning of the appointment is also required, and postdoctoral experience is preferred. The Department currently has 17 tenure-track faculty members, and is expected to increase in number in the future. We seek an individual with research interests that complement or add to our existing strengths (http://www.geol.lsu.edu).

Applicants should submit a CV, a statement of their research and teaching interests, and the names, addresses, and phone numbers of at least three references to Professor Louis Thibodeaux (thibod@lsu.edu), Chair of search committee, Department of Geology and Geophysics, Louisiana State University, Baton Rouge, LA 70803. For best consideration apply by February 15, 2008.

Louisiana State University is an equal access employer.
